The amendment document filed on 17 August 2005 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121. In order for the amendment document to be compliant, correction of the following item(s) is required.

THE FOLLOWING MARKED (X) ITEM(S) CAUSE THE AMENDMENT DOCUMENT TO BE NON-COMPLIANT:

Note: the status of every claim must be indicated after its claim number by using one of the following status identifiers: (Original), (Currently amended), (Canceled), (Previously presented), (New), (Not entered), (Withdrawn) and (Withdrawn-currently amended).
 - ☐ D. The claims of this amendment paper have not been presented in ascending numerical order.

For further explanation of the amendment format required by 37 CFR 1.121, see MPEP § 714 and the USPTO website at <http://www.uspto.gov/web/offices/pac/dapp/opla/preognotice/officeflyer.pdf>.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Response to Amendment

1. The reply filed on July 26, 2005, and August 17, 2005, are not fully responsive to the prior Office Action because: applicant provided replacement drawings (Figs. 1-14), but failed to address which of the references or which part of drawings have been changed or replaced. Moreover, applicant canceled some paragraphs of pages 15, 16, 17, 19, and 22 and replaced with new paragraphs. It is unclear as to why new paragraphs have been replaced. Note that no amendment shall introduce new matter into the disclosure of the invention. Further, it is pointed out that applicant deleted the allowable subject matter in the amended claims, but applicant contends that allowable claims 35-41 and 49 were rewritten to overcome the rejections under 35 USC 112 and to include all of the limitations of the base claim and of the intervening claims. Contrary to the statement, applicant did not include all of the limitations of the base claim and of the intervening claims. For example, applicant completely deleted the allowable subject matter, i.e., "said sliding member having a first pin rigidly connected thereto, said second link member and said third member have respective slots in the direction transverse to said longitudinal axis, said respective slots being partially overlapped, said first pin being slidably guided in said respective slots" from claim 35. Therefore, the allowable subject matter will be withdrawn in the next office action if applicant fails to include the previously allowable subject matter in the claims. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the

Art Unit: 3652

date for reply set forth in an Office action: A fully responsive reply must be timely filed to avoid abandonment of this application.
